

Getting Started

In This Chapter

This chapter provides process flow information to configure system security and access functions as well as event and accounting logs.

Alcatel-Lucent 7750 SR Router Configuration Process

[Table 1](#) lists the tasks necessary to configure system security and access functions and logging features. Each chapter in this book is presented in an overall logical configuration flow. Each section describes a software area and provides CLI syntax and command usage to configure parameters for a functional area.

Table 1: Configuration Process

Area	Task	Chapter
System security	Configure system security parameters, such as authentication, authorization, and accounting.	Security on page 19
Network management	Configure SNMP elements.	SNMP on page 265
Operational functions	Configure event and accounting logs.	Event and Accounting Logs on page 315
Reference	List of IEEE, IETF, and other proprietary entities.	Standards and Protocol Support on page 501
